

# #GIVINGTUESDAY

**#GivingTuesday** offers an opportunity in this season of giving to provide much needed resources to improve our communities. This year on **November 27<sup>th</sup>**, **#GivingTuesday**, consider supporting the work to end sexual assault by making a donation to the **National Organization of Sisters of Color Ending Sexual Assault**.

Sexual assault is a public health crisis that impacts all of us – in all communities. But in our society there are many whose voices have been silenced and continue to be silenced. Survivors who are Women of Color are often the most silenced and least likely to be believed.

SCESA is a leading voice in addressing sexual assault within Communities of Color. We are committed to ensuring that Women of Color who are survivors of sexual assault receives the culturally relevant support and services they need; while raising the consciousness, outrage, and accountability within Communities of Color regarding violence against women.

**Please join us in our efforts to end sexual assault by donating today**, on #GivingTuesday, or throughout the holiday season. Your donation will help to move forward our work to create a just society in which all Women of Color are able to live healthy lives free of violence.

Thank you in advance for your generosity!
